

Wednesday
June 15th
7-9pm

DISCOVERING YOUR VISION

Join us for an inspiring and challenging evening exploring what it takes to become the kind of men we all long to be - men of integrity, courage and passion who are leading lives of meaning and purpose. Our vision is for men to lead from their hearts and not simply their heads. When we understand more about ourselves and the forces at work within us, we are free to lead in creating more nourishing and rewarding relationships.

As men, finding direction and passion in life can be a challenging yet rewarding task. Just as iron sharpens iron, defining and refining an ever expanding sense of purpose can lead to a life of increased meaning and satisfaction. Join us as we uncover the vision and dreams that we all have for our lives, and begin to rediscover that sense of passion that will ignite our desire for more intimacy, success, and fulfillment in life.

Speakers:

Johnny Noto, M.A., LPC.

Andrew Mercer, M.A., LPC.
